

Supply List for Woolly Table Toppers

The wool required for the background must be 19" square.

The wool required for the appliqués will depend on which version chosen to do.

We have the choice of Santas with trees, geranium baskets or pumpkins.

It is recommended to purchase the pattern ahead to help choose wool colors but not required. The wool needs to be 100% wool-the over-dyed kind-not wool felt.

A fat quarter of plaid homespun is needed for the backing.

(This is included if you buy the kit.)

For this class, you will need just basic sewing supplies like scissors and pins.

No machines are needed and Emily will supply any extras like freezer paper, fusible web and floss.

Contact Emily Hardwig at 218-444-6387 if you have any questions or to order your pattern or kit.

Woolly table toppers kits are \$29.95 and that includes the pattern.

If you choose not to buy the kit you must still have the pattern for \$6.25.
