

Circle of Geese with Jackie Marks

Four copies of the "Circle of Geese" paper pieced quilt block pattern, available at <http://www.craftsy.com/pattern/quilting/other/circle-of-geese-paper-pieced-quilt-block/37735?rceId=1457207055711~y56o9pbk>

There are a few with this name. You want the free pattern by *Piece By Number*. If anyone has trouble downloading it, I can provide extras in class.

- o Scissors for cutting paper
- o An old needle for your machine
- o A ruler for rotary cutting that is at least 6.5" on one side.
- o Other standard notions: rotary cutter and mat; thread, seam ripper, etc.

Fabrics: 2 fat quarters (one feature fabric, one background), or the equivalent in multiple scraps of your choice. I suggest bringing a few options for you to experiment with. I also suggest starching your fabrics beforehand.
